

Recumbent Bike 4.0R

SPIRIT
powered by *dyaco*

The 4.0R recumbent bike is designed to revitalize rehabilitation with comfort and precision. Embrace comfort, progress, and a brighter, more mobile future. Your journey starts here.

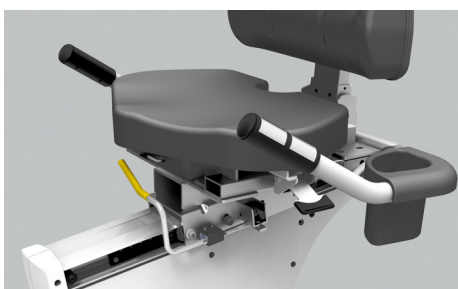

Cater to each client's ride towards recovery with features that empower:

- Supportive high-density foam seat with fore/aft/recline angle adjustments
- 40 levels of resistance
- Low-step entry for easy access
- 11 innovative programs for a variety of patient's needs

Whether at home or in a clinical setting, the compact design and smooth operation ensure convenience without compromise.

Intuitive, easy-to-read display

Recumbent position reduces strain on joints and muscles

Each pedal is slightly inverted for an optimal foot angle
