

# patient safety sensors and alarms

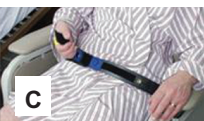

## seat belt sensors

A

B

C

- buckle release has press to release metal buckle
- E-Z release seat belt is ideal for less active patients
- Early Warning belt has extra 12" of Velcro® to remove before removing belt
- alarm (sold separately) sounds when patient opens buckle

<b>A</b>	59-0100	buckle release seat belt	82.50
<b>B</b>	59-0101	EZ release seat belt	70.00
<b>C</b>	59-0102	Early Warning belt	80.00
	59-0109	12" belt extender	15.00

## TR2 alarm

- tamper-resistant; no on/off switch
- connect to sensor pads or nurse call
- select 85 or 100 db volume or silent alarm tone
- ABS mounting holster with mounting clip
- battery check system
- 4 AA batteries with low battery indicator

59-0200	TR2 alarm	87.50
59-0200-10	10 each	765.00

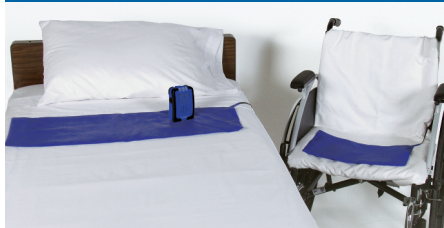

## voice alarm

- plays pre-recorded message (of up to 20 seconds) when alarm is triggered
- select 85 or 100 db volume or silent alarm tone
- use magnetic pull cord or connect to sensor pads, seatbelts or nurse call system
- mounting holster
- 4 AA batteries with low battery indicator

59-0250	voice alarm	105.00
59-0250-10	10 each	900.00

## pad sensors

- thin and sensitive sensor; use with lighter patients
- less compression foam for faster recovery when pressure is released
- attaches with sticky strips on pad
- 6-month warranty
- alarms sold separately

59-0110	chair pad 10 x 15"	45.00
59-0110-10	10 each	405.00
59-0111	bed pad 11 x 30"	85.00
59-0111-10	10 each	765.00

## IQ Duo plus alarm

- functions as pull cord and sensor alarm
- silent setting can be used in conjunction with the nurse call connector
- select 85 or 100 db volume/alarm tone
- tamper-resistant: no on/off switch; hidden reset button
- mounting holster with strap
- 3 AAA batteries with low battery indicator

59-0210	IQ Duo Plus alarm	70.00
59-0210-10	10 each	630.00

## IQ mini pull cord alarm

- magnetic pull cord releases in any direction
- easily attaches to wheelchair or bedside
- non-replaceable battery included

59-0220	mini pull cord alarm	20.00
59-0220-10	10 each	180.00

## proximity pad sensors

- works with patient on chair or bed
- provides earlier fall warning
- works on all air support surfaces
- no weight requirements; one size fits all, cut sensor to desired length
- thin sensor is undetectable to patients
- alarms sold separately

59-0120	Mylar proximity sensor	50.00
59-0120-10	proximity sensor, 10 each	450.00
59-0121	universal connector	67.50
59-0122*	cable (specify suffix)*	35.00

\*specify cable when ordering (030, 030R, 040, 050R, 060R, 070, 110R, 120)

## magnetic pull cord alarm

- magnetic pull cord; pin or connect to nurse call
- select 85 or 100 db volume/alarm tone
- comes with mounting clip
- 2 AAA batteries with low battery indicator

59-0230	basic pull cord alarm	37.50
59-0230-10	10 each	360.00

## basic pull pin alarm

- use magnetic cord; pin or connect to nurse call system
- alarm sounds locally and at station when using nurse call feature
- select 85 or 100 db volume/alarm tone
- comes with mounting clip
- 9V battery (not included) with low battery indicator

59-0240	basic pull pin alarm	22.50
59-0240-10	10 each	202.50
